Gloucestershire Target 2020 Project

Funded by the European Regional Development Fund, the **Gloucestershire Target 2020 project** and will support 300 Gloucestershire based small and medium sized enterprises over the next three years.

The project offers support in terms of:

- Expert energy efficiency advice including onsite energy survey, analysis of historical energy use, advice report presented onsite and help creating an action plan.
- Partial grants to help fund the installation of energy saving measures. The grants are subject to eligibility criteria and range from £500 to £20,000 and will be a maximum of 35% of the install costs.

Grants can be used for anything that will result in sufficient carbon savings and is not restricted to lighting, insulation or heating equipment.

Installs costing less than £2,500 can be a direct award. Installs costing over £2,500 need 3 quotes. Installs costing over £25,000 need to go to full tender.

The project is managed by energy education charity Severn Wye Energy Agency.

The project started April 1st 2017.

For more information or to register an interest please contact:

The business team on 01452 835 060 or Business@severnwe.org.uk
